**MESSAGE FROM THE PRESIDENT OF WEECC**

The West End Elliott Citizens Council is a 501C non-profit organization and is not permitted to endorse any candidates for any political office.

WEECC is committed to the ideal that it is their responsibility to educate and make the community aware of events and actions that impact the community.

The council believes that Meet the Candidate Nights gives the community the opportunity to

educate themselves with regards to issues and those seeking public office. It is the council belief that an informed voter can make wiser decisions.

*At no time has or will the council endorse any candidate for public office.* That does not mean that members of the council acting as individual are not free to endorse or work for a candidate of their choice. However, directors and members of the council working or endorsing a candidate do so as individuals not as representatives of WEECC!

The person who represents our communities on City Council is very important to the well being and future of our communities. That is why I strongly urge you to attend the monthly meeting on Monday evening, January 26 to form your own opinion.

Elmer Clark, president

**CITY PLANNING DENIES OPENING OF STRIP CLUB AT 1635 WEST CARSON STREET**

At the conclusion of the hearing before the planning commission on November 18 the commission voted unanimously to **deny** the opening of the strip club. Over thirty people testified against the club. Their testimony was vital to the decision of the commission.

City Planning. As of the writing of this newsletter no date has been set. When a date is set for the hearing before City Council we will inform the community and once again ask for your support.

Standing together we can make a difference in our community, our city and our nation.

## CITIZENS WHO MAKE A DIFFERENCE

When the newsletter in November said the council would be at the West End Elliott Overlook on Light-Up Night giving hot chocolate, coffee and cookies to everyone a resident decided to help. Having been a past board member on the citizen's council she knew that in the past Jenny Lee Bakery had donated cookies for our community Holiday program at the overlook. But, Jenny Lee was gone and Eat'n Park has so many requests that it would be unlikely they would give cookies. She also knew the large number of children and people who visit the overlook.

She did not call the office or the president she simply showed up just before the evening with her large Tupperware containers filled with homemade cut out sugar cookies she had baked and decorated. She gave the cookies as her gift to the children and the community.

To those of us who have known her for many years it was not a surprise it was just Dot. Dot Carter has lived all her life in Elliott. I met her first when we were den mothers with Cub Scout Pack 87. Dot is the mother of three sons and baseball was more their interest than scouts. So of course Dot became involved in the athletic association. When no one wanted to take charge of the concession stand Dot did in the late seventies.

It has only been a few years since she passed the duties onto the capable hands of others.

Dot because of the cold evening we had a few cookies left over so they were given to Meals on Wheels. The Citizens Council would like to first thank you for the cookies but more than that *thank you for being you!*

## GARDEN PROJECTS

The seed catalogs are arriving and the time to prepare the ground for seeds will soon be here. With the increasing cost of vegetables and food many more people may be thinking of starting vegetable gardens this year.

The City of Pittsburgh is encouraging residents to purchase vacant lots that the city owns adjacent to their property for a small sum of money. This is an effort to help in the renewal of our city.

The program is called the Side Yard Program. You can learn more about the program and properties for sale by visiting the city web site and clicking on the real estate section. There you will find a listing of all properties available for sale by the city and the price some as low as \$200.00.

These side lots can make a great space for a garden. Gardening is a great way to grow your own vegetables and to eat healthier, save money and create a nicer community. Perhaps you would like to share your space with a friend or family member so that you can work together and share the harvest.

The council is also exploring the idea of community gardens where people living in apartments can have a place to grow their own tomatoes, lettuce, etc. If you would

### **MONTHLY MEETING OF WEECC**

The monthly meeting of the West End Elliott Citizens Council has been moved from Thaddeus Stevens School to Emanuel United Methodist Church at the corners of Lorenz Avenue and Crucible Street because of the security alarm system recently installed in the school. After six in the evening an alarm system is activated that blares an alarm every time a door is open and all the time that the door is open. The alarm can not be shut off for the coming and goings of our meetings and the noise is such we can not hear ourselves think. So regretfully we have moved to the church and thank them for their hospitality.
